This Procurement Evaluation Committee Member Declaration of No Conflict of Interest (“Declaration”) is to certify that I have no interest in a person, firm, corporation, or other business entity that is competing for the above-referenced contract with the Oregon Institute of Technology (“Oregon Tech”). I have not participated, directly or indirectly, by committee or as a consultant, advisor, employee, officer, director, agent, trustee, or otherwise, in the development of a proposal for any business entity that is competing for the above-referenced contract. For purposes of this Declaration, I understand “interest” to include any consideration or other thing of material economic value, including but not limited to future consideration.

This Declaration is also to certify that I fully understand the confidential nature of the competitive procurement process and the obligation imposed by Oregon law upon Oregon Tech to ensure a competitive process that not only operates in fair and equitable manner, but that appears to be fair as well. I agree, therefore, to maintain the confidences necessary to prevent unfair advantages to any bidder or contractor engaged in a competition for an Oregon Tech contract or funds, and to further abide by all rules and prohibitions issued by Oregon Tech as they relate to conflict of interest and confidentiality. I understand that threshold prohibitions include the discussion, evaluation, scoring, or status of any proposal(s), action(s) affecting any proposal(s), as well as the copying and/or dissemination of any portion of any proposal, or of any information designated by Oregon Tech as confidential to any person, firm, corporation, or other business entity, at any time prior to, during or after the procurement process. I also understand that I may be disqualified from individual or group participation as an Oregon Tech advisor if I conduct myself in any manner that would create even the appearance of bias or unfair advantage with, or on behalf of any competitive procurement contractor, potential contractor, agent, subcontractor, or other business entity, whether through direct association with contractor representatives, indirect associations, through recreational activities, or otherwise.
