

**Columbia Gorge Community College  
Associate of Applied Science in Electro-Mechanical Technology  
to  
Oregon Institute of Technology  
Bachelor of Science in Operations Management**

**Articulation Agreement  
2024 - 2025 Catalog**

It is agreed that students transferring with Columbia Gorge Community College's (CGCC) Associate of Applied Science in Electro-Mechanical Technology to Oregon Institute of Technology's (Oregon Tech) Bachelor of Science in Operations Management (BOMG) program will be given full credit for all selected courses listed below. This agreement is based on the evaluation of the rigor and content of the general education and technical courses at both CGCC and Oregon Tech and is subject to a yearly reevaluation by both schools for continuance. This agreement is October 22<sup>nd</sup>, 2024.

Bachelor degree-seeking students must complete a minimum of 60 credits of upper-division work before a degree will be awarded. Upper-division is defined as 300-and 400-level classes at a bachelor's degree granting institution. Bachelor degree-seeking students that transfer to Oregon Tech with 300-400 level transferable courses must complete at least 45 additional credits with Oregon Tech before a degree will be awarded.

Admission to Oregon Tech is not guaranteed. Students must apply for admission to Oregon Tech in accordance with the then-existing rules, policies and procedures of Oregon Tech. Students are responsible for notifying the Oregon Tech Admissions and Registrar's Office when operating under an articulation agreement to ensure their credits transfer as outlined in this agreement. To utilize this agreement students must be attending CGCC during the above catalog year. Students must enroll at Oregon Tech within three years of this approval.

1. To maximize useable credits toward the BOMG, the listed course is recommended.
2. Students can transfer up to six (6) credit hours of Humanities electives into the BOMG; these courses should be designated as Humanities electives by Oregon Tech. However, only three (3) humanities credits can be studio/performance based. Choose from the following CGCC prefixes: ART, ENG, MUS, PHIL, TA, or Languages (second year/200-level only).
3. OT recommends students take EC 201 and EC 202 along with PSY 201A to fulfill their social science requirements. These classes will count toward program requirements at OT. Excess credits will transfer to Oregon Tech as general elective credit with the exception of developmental course work; these credits will not be used toward the BOMG.
4. Does not count toward the 60 upper-division credit requirement.
5. Students can transfer up to one (1) biological or physical sciences course with lab into the BOMG. Choose from the following CGCC prefixes: BI, CH, G, or GS. Currently, ESR does **not** count as Lab Science.
6. Baccalaureate students must complete a minimum of 60 credits of upper-division work before a degree will be awarded. Upper-division is defined as 300- and 400- level classes at a bachelor's degree granting institution.
7. Oregon Tech's BOMG requires 181 credits.
